

YOUR WELLBEING IS OUR #1 PRIORITY

Our tubs are more than just fixtures; they represent a gateway to personal freedom during your bathing routine. Meticulously handcrafted, our tubs are thoughtfully designed to offer you a secure and rejuvenating spa-like experience, all within the confines of your own home. Among the exceptional features we proudly provide are:

1. Hydro Massage
2. Air Massage
3. Microbubbles
4. Chromatherapy
5. Heated Seat

Experience the epitome of bathing indulgence with our expertly crafted tubs.

MICROBUBBLES

THE SCIENCE BEHIND BETTER SLEEP AND ANTI-AGING

Microbubbles, with a diameter of 10 microns, are known for their exceptional antioxidant properties, combating fatty acids and bacteria. They rejuvenate skin tone and reduce body odor by cleansing pores, which are 50 microns in size.

Our technology generates over 80,000 ions per cubic centimeter. These ions contribute to elevated serotonin levels promoting ultimate relaxation and facilitating deeper sleep. This natural energy restoration is achieved through our patented fitting, seamlessly blending ambient air into your bathwater.

CHROMOLIGHT THERAPY

Helps promote balance and energy to the body and mind while promoting tranquility.

HEATED SEAT

Innovative, conductive heat therapy.

OUR TUB AT A GLANCE

TRIPLE GEL COATED, MARINE GRADE FIBERGLASS SHELL WITH A STAINLESS STEEL SUPPORT FRAME

NECK PILLOW

Gently supports your head, shoulders, neck, and back while bathing

BIDET JET

Bidet massage therapy for personal hygiene

AIR SWITCH CONTROLS

Easy push button controls

HYDRO JETS

Hydro massage therapy with state of the art Super Syllent Pump®

AIR JETS

Air massage therapy 3 speed control with auto purge self-cleansing

HEATED SEAT & BACKREST

Added warmth and extra comfort

ADA COMPLIANT SEAT

Provides entry for easy maintenance and installation

TOE DRAIN

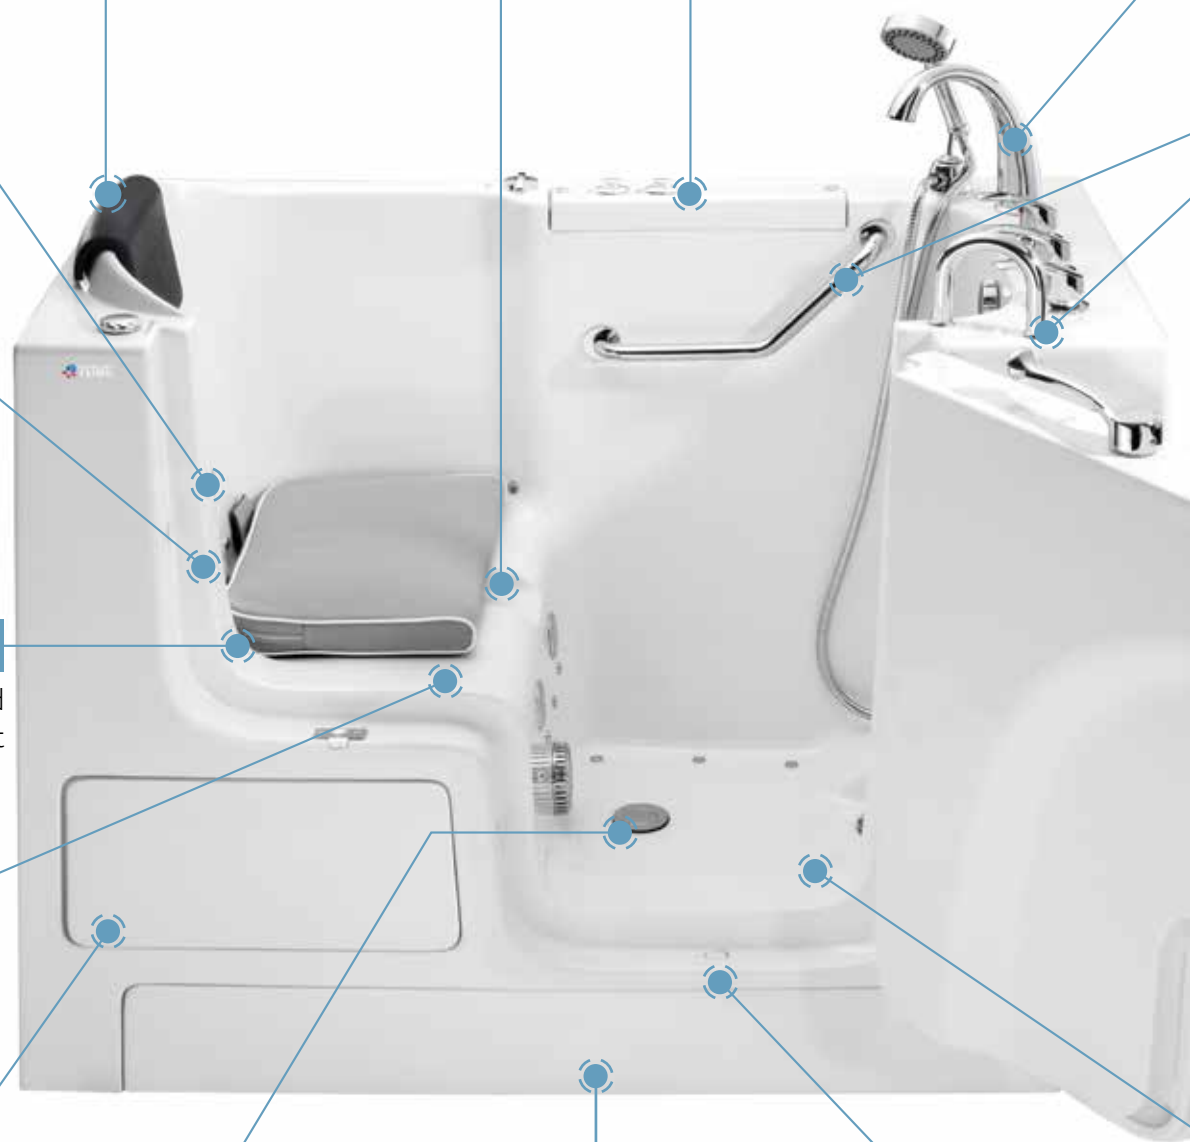

Secondary back up drain

SAFE EASY ENTRY

A low threshold entryway provides easy access when entering the tub

DOOR DRAIN

Third drain removes excess water from the door after each use.

FAUCETS

1.8GPM Elegant fast-fill solid brass faucet sets with hand held shower - available in Satin Nickel, Oil-Rubbed Bronze, or Polished Chrome finish.

ERGONOMIC SAFETY GRAB BAR AND U-BAR

For safely entering and exiting the tub

IN/OUTWARD OPENING CURVED TUB DOOR

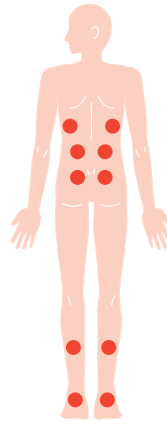

Easy access for wheelchair transfer

DOOR SEAL

Durable vinyl rubber seal prevents leaks for a lifetime

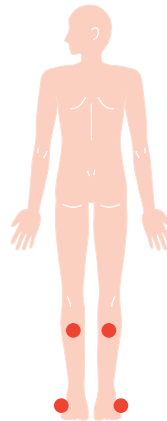

NON-SLIP FLOOR

Textured flooring to avoid slipping

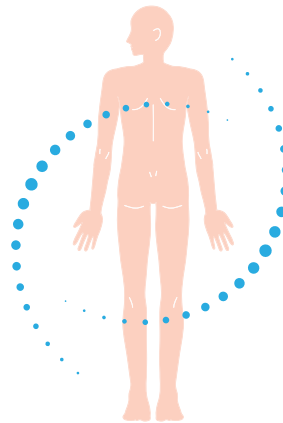

HYDRO MASSAGE

10 pressure adjustable hydro jets that target the back, legs, and feet area

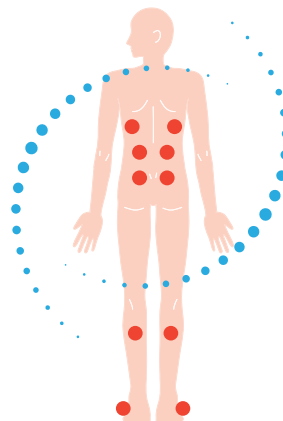

LEG MASSAGE

4 directional jets targeting knees and feet.

AIR MASSAGE

20 ultra modern air jets target the full body for improved blood circulation.

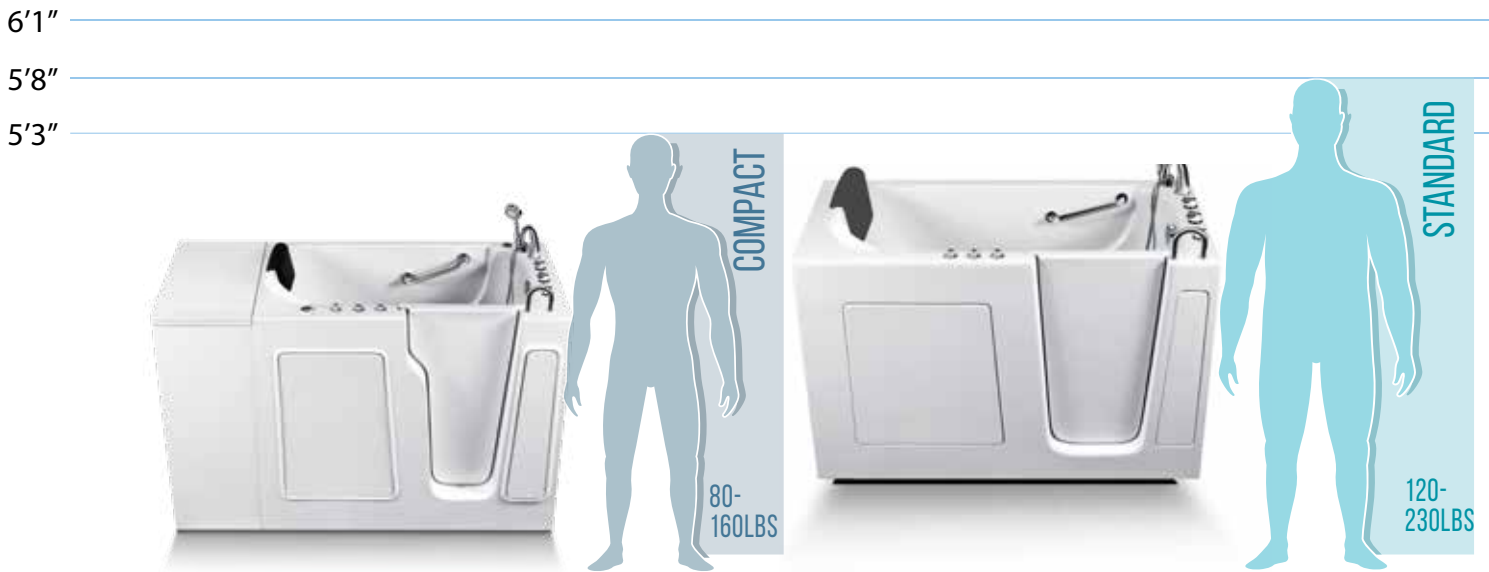

DUAL MASSAGE

Combined air and hydro massage to create a full body massage therapy experience

AMERICAN TUBS

was founded in 2012, with a clear mission: to design and craft top-tier walk-in bathtubs tailored for individuals with limited mobility, seniors, and those grappling with chronic conditions like arthritis. At the heart of our endeavor lies a commitment to seamlessly blend luxury, safety, and functionality in every walk-in bathtub we create. Our overarching goal is to provide exquisitely designed walk-in tubs that empower individuals in need with the dignity and independence to confidently manage their personal hygiene needs.
